ABOUT DASP

Delaware Association of Psychologists is a professional organization that promotes the rights, welfare, education, and mental health of children and youth. DASP offers full membership to certified school psychologists who work in public schools, public and private agencies, and institutions of higher education. For 50 years, DASP has supported the work of school psychologists in Delaware through educational projects, legislative initiatives, and communication networks that bring together members from Kent, New Castle, and Sussex Counties. The association newsletter, the website (www.dasponline.org), the listserv (DASPLink), year-round workshops, and an annual conference represent DASP's efforts to disseminate information and to enhance collaboration among members.

DASP is approved by the National Association of School Psychologists as a provider of continuing professional development (CPD) hours for school psychologists. DASP maintains responsibility for this program.

Trauma Joan Gillece, Ph.D. & Brian Sims, Ph.D.

Drs. Gillece and Sims will discuss strategies to address the needs of students who have experienced trauma. The presenters will briefly touch on the background and neurobiology of trauma and go into detail about how to support our traumatized children.

Supporting LGBTQ+ Youth Todd Savage, Ph.D.

Dr. Savage will discuss the issues facing LGBTQ+ youth and techniques to enhance their psychological well being and success in school.

ESSA and the School Psychologist Todd Savage, Ph.D. and Emily Klein, NCSP

Receive your NCSP 3 hours of CPD credit for legal and ethical practice. Dr. Savage and Ms. Klein will present on the ways in which the Every Student Succeeds Act (ESSA) impacts school psychologists and what Delaware psychologists can do to advocate for students and our profession.
